

CUSTOMER CHARGES

Effective 1 July 2020 to 30 June 2021

Hunter Water issues three bills per annum, each one covering a period of four months. The two main items on your bill are service charges and usage charges. Service charges contribute to the cost of providing and maintaining water and sewer systems. The usage charges reflect the amount of water that has been registered on your water meter.

RESIDENTIAL HOUSE

| CHARGE TYPE | ANNUAL CHARGE | PRO-RATA PER BILL* | EXPLANATION |
|--|---------------|--------------------------|--|
| WATER SERVICE | \$25.96 | \$8.65 | Applies to all residential houses. Includes Environmental Projects Charge |
| WATER USAGE | \$2.46 | Per kilolitre registered | Eg. 50 kL x \$2.46 = \$123.00. |
| WATER USAGE - DROUGHT RESPONSE DAYS | \$2.90 | Per kilolitre registered | *The drought price will start 31 days after water storage levels fall below 60% (the "on" trigger), remain in place until 31 days after water storage levels rise above 70% (the "off" trigger). |
| SEWER SERVICE | \$694.43 | \$231.48 | Applies to all residential houses. |
| STORMWATER SERVICE | \$85.35 | \$28.45 | For the maintenance of some of the larger stormwater channels in Newcastle, Lake Macquarie and Cessnock. Only applies to properties from which stormwater flows to catchments that use these channels. |

*will vary slightly with actual days the account covers (ie. 123, 120, 122 days per billing cycle)
