

you can be fined and noone
wants to be fined so I
hope you do the Right thing.

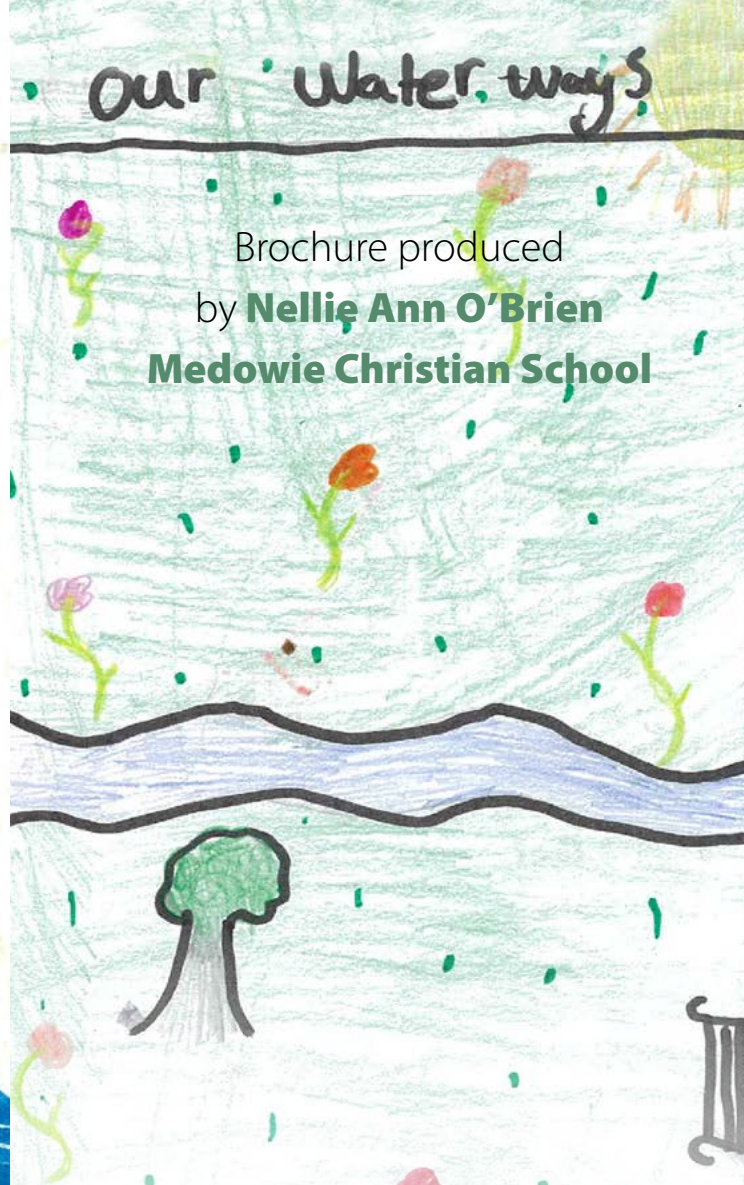

Do the Right
~~thing~~

So please don't, litter, wash your
car on the grass, I hope you
know what to do now.

our waterways

our waterways

Local Land
Services

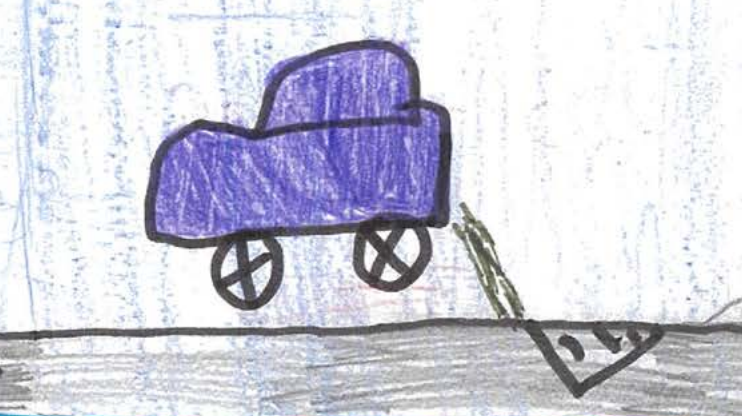

only rain
down the drain!

Stormwater from
Medowie flows into
Grahamstown Dam.
It is up to all of us
to keep it clean.

Pick up your grass clippings after mowing your lawns so they don't go down the drain.

Pick up dog poo when you're walking your dog or it goes in the drains.

Check that your car is not leaking oil, Keep your car healthy, Keep our water healthy!

Wash your car on the grass or at a carwash so soapy water doesn't go down the drain.

Don't Litter. Put Litter in the bin so it doesn't end up in our waterways.

Building sites must contain their sediment. Sediment pollutes our waterways.
